Wind, Hail and Rain.

A Destructive Storm Visits the Lehigh Valley.

MANY BUILDINGS BLOWN DOWN.

Several People Killed and Others Seriously Injured—Boats Upset and the People Thrown in the Water—Lightning Strikes a Number of Buildings.

PHILADELPHIA, July 18.—An Easton, Pa., special to The Record says the worst wind, hail and rain storm that ever visited this section of Lehigh valley broke shortly after 4 o'clock yesterday afternoon. The new agricultural works at Ellertown were blown down and John Freeman, of Freemansburg, was instantly killed by flying timber. Superintendent Barbara, of agricultural works, was seriously injured by falling timber.

The roof of the Lutheran church at Ellertown was blown off and lots of other damage was done.

Two passenger trains on the Lehigh Valley railroad encountered the storm between Bethlehem and Allentown, and both narrowly escaped being wrecked. One of the trains struck a telegraph pole and the headlight and smoke stack of the engine were crushed. Both trains had to stop to allow telegraph poles and trees to be removed from the track.

A Chester, Pa., special to The Record says: The storm which passed over this city yesterday evening was unusually severe. Lightning burned out most of the telephones and did considerable damage to trees and buildings. A large stable on the farm of Nathan Pinnell, about a mile below here, was struck and shattered. In falling it struck and broke an electric light wire. The horses of a passing street car stepped on the wire. One of them was instantly killed and the other stunned.

A special to The Public Ledger from Lonsdale, Pa., says: About 7:30 yesterday evening a terrific thunder and hail storm passed over this borough, flooding the streets to an impassable condition. Lightning struck the barn of John Clemmer, and the flames entirely destroyed it. Several other fires are in sight in various directions. Passengers on trains from Bethlehem say they observed four fires between that place and Lonsdale.

A heavy wind and rain storm passed over the city about 8 p. m., unroofing the car stables in Allegheny avenue and a number of houses. The stable roof fell on a car, killing one of the horses but injuring none of the passengers. The schooners Nellie and Mattie, of Trenton, were capsized in the river. The only man aboard was rescued.

During the storm the yacht Richmond, with nine men on board, was turned bottom upward off Port Richmond. All on board were saved. Four other sail boats were upset, and twenty persons in all were rescued.

Heavy Storm at Trenton, N. J.

TRENTON, N. J., July 18.—A terrific thunder storm with a gale of wind swept over the city about 5:30 p. m., unroofing forty houses, prostrating 200 trees and doing much other damage. Hail of a remarkable size fell in great quantities, smashing countless skylights and window panes. The roof of Mad-dock's pottery was torn off and thrown into the canal. Louis D. Schlager and Michael Corcoran, who were in a boat on the Delaware and sought shelter under a tree on the Pennsylvania side, were struck by lightning and killed.

Horse and Driver Killed.

ROCKAWAY, L. I., July 18.—During the storm last night a driver of a wagon was killed and his horse also killed. Several persons were stunned by lightning and much damage was done to buildings and crops.

Destruction at Allentown, Pa.

ALLENTOWN, Pa., July 18.—The storm yesterday evening unroofed several houses and blew down the Barbour thread mills brick stack, 229 feet high, which crushed the engine house.

Crops Injured.

READING, Pa., July 18.—The storm did much damage to crops and other property in this vicinity, and also in the neighborhood of Ashland and Norristown.

DOWN THE MOUNTAIN.

Run of a New Mexican Freight Train Which Was Frightfully Wrecked.

ALBUQUERQUE, N. M., July 18.—A frightful freight wreck occurred on the Clorietta mountains, near Lamy station, yesterday morning. A train, consisting of twelve double-decked cars loaded with hogs, was going to Mexico and became unmanageable.

The engineer applied the air brakes, but still the train flew down the mountain grade at a fearful speed. Coming to a curve the engine jumped the track and the whole train followed, the cars piling one upon another.

Fireman Daley was mangled and torn to pieces. A brakeman, whose name could not be learned, was caught under the wreck and crushed. The engineer was seriously hurt, and it is feared that he will die. Several stockmen, it is reported, were badly injured.

Negroes Captured.

VICKSBURG, Miss., July 19.—Reliable persons arrived from Bastrop, La., yesterday say that seven negroes were killed and six wounded in the affray with a white posse near Merrogue Tuesday. There were thirty-six negroes in the party, all of whom came here a short time ago from North Carolina. The survivors returned home with the whites. In other respects the previous accounts of the conflict are correct.

THE LAKE PEPIN DISASTER.

All the Missing Persons Recovered and Further Search Abandoned.

LAKE CITY, Minn., July 18.—One body was found at Lake Pepin yesterday—that of a little girl named Rose Ralder. The mayor of Red Wing sends an official list, from which it appears that all of the bodies of the missing thus far reported have been recovered. The official list is as follows:

W. S. Blaker, Zenu Blaker, Kate Burkhardt, Minnie Fisher, Annie Snyder, Fred. Hattmeyer, Addie Way, Charles Dinslage, Kate Daly, Febe Bierson, E. Larson, Cord Johnson, George Nelson, Hemphill, Fred. C. Hemphill, Leslie Hemphill, Flora Smith, Mabel Holton, Hattie Sheriff, Kate Schraus, Miss Nelson, L. Adams, John Schiller, Mrs. Scheffer and two children, Peter Gerkin, wife and five children, Melissa Harrison, Tom Leason, Percy Weihen, Millie Miles, Myrtle Mers, Marnie Adams, Herman Hemphill and wife, Emma Nelson, A. O. Anderson, So. Jim Schulenberg, Johanna Humbert, Frankie Stager, Emma Sager, Mary Olson, Ida Green, Ida Severs, C. H. Rechders and son, Lion Creamer, Ben. Stephens, Edward Englerston, Mrs. Capt. Wetherin, John Behn, Iron Oskey, Emma Percy, Theodore Horwitt, Mrs. Fred. Scheriff, John Engbertson, Mar. in O'Shaunessy, Katie Peterson, Frederick Seyers, Charles Brown, Rod Mera, Nettie Palmer, Bertie Winsors, Kate Heigat, Belle Lillebrand, Henry Schulenberg, Ira Fulton, Mary Skoglund, Henry Newton, John Adams, Miss Crawford, Ethna Way, Gilbert Baker, Charles Peterson, James Wilson, John Stronb, Lena Olsen, Hans Jergenson, William Adams, Peter Olson, Julia Persig, Fred. Christ, Merritt Green, Mattie Flinn, Joe Carlson, Martin Sheriff, Austin Mera, George Hartman, Marnie Schulenberg, Mrs. Creamer, Louis Bant.

The search parties have ceased their labors. Inspectors Yaggeer and Knapp are holding an investigation here relative to the disaster.

PERISHED IN A BURNING BUILDING.

Nine Lives Lost by a Fire in Quebec—The Bodies Burned to a Crisp.

QUEBEC, July 18.—At 2 o'clock yesterday morning fire was discovered in a barroom owned by Delamere & Colette. The flames made such rapid progress that the whole house was soon ablaze. The fire brigade arrived promptly and bent its energies to saving the surrounding property, unaware that the occupants of the upper part of the burning house were resting to death.

It was only after the flames had been extinguished that they came in sight of the bodies of a family of five persons who had perished. The family consisted of Pierre Miranda, his wife and three children, who had lately returned from the states, intending to settle in their native city, where they had found employment.

The bodies of two sailors from the schooner Mary Jane, of Halifax, were also found in the ruins. It is supposed that the sailors had been left in the barroom in a drunken stupor.

YOUTHFUL DEPRAVITY.

A Would-Be Burglar Turns Out to Be the Son of the Intended Victim.

ANNA, Ill., July 18.—A terrible story of youthful depravity comes from Coreville, a small town in the western edge of Johnson county, remote from railroads and telegraph stations. Monday night a supposed burglar broke into the house of a farmer named Morris Sullivan. On being challenged by Mr. Sullivan, he fired at him inflicting a mortal wound. Mrs. Sullivan grappled with the murderer and was also fatally shot.

The alarm was given; neighbors came in and caught the murderer, who proved to be the 16-year-old son of the Sullivan. He gave as a reason for the commission of the atrocious crime the fact that he was tired of waiting for the old folks' property. A few months ago he attempted to poison his parents by putting strychnine in the water. He is under arrest and does not appear to appreciate the enormity of his crime.

Dividend Withheld.

BOSTON, Mass., July 18.—The Fitchburg railroad company notifies the holders of the Troy and Boston issue of preferred stock that the dividend upon the same will be withheld by the company until the termination of the suits of Daniel Robinson and Robley D. Cook, instituted to enjoin the sale of the stock held in trust as indemnity for payments made on account of the Troy and Boston debt exceeding \$3,000,000.

Indicted for Manslaughter.

PITTSFIELD, Mass., July 18.—The grand jury yesterday afternoon indicted Frederick A. Hale, of Hinsdale, for manslaughter. On May 4 Hale killed his brother Henry with a whiffletree during a quarrel. The boy's father committed suicide a few days later. Hale pleaded not guilty.

His Body Found.

BUFFALO, N. Y., July 18.—The body of Alexander Wippert, of this city, who jumped over the falls on Monday, was found yesterday afternoon in the eddies in front of the American fall. The body was not badly bruised, but most of the clothing had been torn off.

Ludders to Strike.

PITTSBURG, July 18.—The 500 puddlers employed in the American iron works, Jones & Laughlin, and the firm have disagreed on the question of extra pay for working hard iron. The puddlers have given notice that they will strike until the question is settled.

Died in a Hotel Room.

NEW YORK, July 18.—H. H. Trenor, general passenger agent for the Chesapeake and Ohio Railway company, died suddenly yesterday in the rotunda of the Continental hotel of heart disease. He was 60 years of age.

Washington Dispatches

Proceedings of the House and Senate.

LAND GRANT FORFEITURE BILL.

It Comes Up for Discussion in the House, But the Temperature of the Hall Drives Many Members to Seek a Cooler Place. Senate Transactions—Other Information from the National Capital.

WASHINGTON, July 18.—The house yesterday immediately after the reading of the journal went into committee of the whole on the land grant forfeiture bill. Messrs. McKee, of Arkansas; Mr. Cobb and Mr. Payson, of Illinois, discussed the measure, but owing to the intense heat in the hall of the house a majority of the members repaired to the lobbies, and but little attention was paid to the discussion.

Mr. Anderson, of Kansas, offered an amendment forfeiting railroad lands not earned at the time limited by the granting acts. Lost—27 to 58.

On motion of Mr. Herbert, of Alabama, an amendment was adopted providing that cash entries heretofore permitted within the grant to the Alabama and Florida or Mobile and Girard railroads be validated and patents issued to purchaser, provided the government retains the purchase money.

An amendment of Mr. Holman to forfeit land not earned within the time limit of the granting acts, was lost—60 to 79.

There was some debate over an amendment of Mr. McKee, of Arkansas, providing for suits against persons holding lands opposite to constructed portions of railroads not constructed within the time specified in the granting act. During the debate Mr. Bynum, of Indiana, criticized Mr. Cannon, of Illinois, for having a personal colloquy with Mr. Houk, of Tennessee, omitted from the record, when he (Cannon) had once protested against mutilation of the record.

Mr. Cannon explained that the colloquy with Mr. Houk was purely personal and concerned no one else. The protest he had once made was against the omission of a colloquy between himself and Mr. Bynum without his consent.

Mr. Bynum denied that he had cut anything out of the record and said he had simply made a statement more definite.

Mr. Houk made some explanation of the omission from The Record. The McKee amendment was rejected—72 to 93—and the bill was reported to the house. A motion to recommit with instructions was lost—84 to 107—and the bill was passed. (It is a senate bill with a house substitute, forfeiting lands granted to aid in the construction of railroads opposite to and coterminous with the portion of any such road not now completed.)

The house at 5:15 p. m. adjourned.

In the Senate.

WASHINGTON, July 18.—The senate yesterday resumed consideration of the sundry civil appropriation bill. The pending question being on the amendment to add to the appropriation of \$300,000 for topographic surveys, a provision that one-half of that sum should be expended west of the 101st meridian and that the act of October, 1888, reserving irrigable lands, be repealed. Mr. Call continued his argument of Wednesday against the amendment.

Mr. Moody argued in favor of the amendment, and spoke of its transcendent importance to the people of South Dakota.

Mr. Morgan said he thought that irrigation provisions of the law of 1888 ill-considered and the system meagre, uncertain and unsatisfactory. He thought a continuation of the appropriation would make the subject harder to handle every year.

Mr. Reagan spoke in favor of continuing the irrigation surveys. Without finishing his remarks he gave way for a motion to adjourn.

Mr. Allison offered a resolution, which went over, making it in order at any time to apply the five minute rule in the discussion of any or all amendments to appropriation bills, the motion to be put without debate.

After a short secret session, the senate at 6:15, adjourned.

Population of New York.

WASHINGTON, July 18.—The rough official count of the population of New York city, completed yesterday by the census office, shows that the population is 1,513,001, which is an increase of 25.46 per cent. over the census returns of 1880, which gave the population as 1,206,399, an increase of 28 per cent. during the decade. In 1870 the population was 942,292, and in 1890, 805,658. The percentage of increase from 1860 to 1870 was, therefore, 17 per cent. Superintendent Porter said that this is the only estimate ever made by the census office of the population of New York. There was an estimate made by the supervisor, but that was based on insufficient data.

Destitute Indians.

WASHINGTON, July 18.—The speaker laid before the house yesterday a letter from the secretary of the interior, enclosing a communication from William McKusick, agent at the Sisseton Indian agency in South Dakota, in relation to the destitution of the Sisseton and Wahpeton Indians. In his letter the agent says: "Their destitution presses them so hard that the few trees that should be left to grow are being cut and hauled away to purchase something to live on. They are digging wild turnips, and I often hear of horses and oxen being sold for their value to obtain provisions. An appropriation of \$5,000 to relieve the distress is asked for."

Before the Immigration Committee. WASHINGTON, July 18.—Dr. T. S.

Verdi, an Italian citizen of this city, made an address on the subject of immigration before the house committee on immigration yesterday. He denied that the padrone system existed to any extent in the United States, and stated that the Italian government had recently enacted a law for the prevention of indiscriminate emigration. The law, he said, was enacted to prevent Italians leaving their native country in large numbers, and to conform to the immigration and contract labor laws of the United States and other countries.

COLLISION OF STEAM R.S.

The City of Detroit Sinks a Steam Barge at Detroit, Mich.

DETROIT, Mich., July 18.—At 6:30 yesterday evening as the steamer City of Detroit, with three excursion parties aboard, was just within the city limits, her steam steering apparatus gave out, and she sheered about and ran into the steam barge Kesota, owned in Cleveland, cutting her completely in two amidships. The Kesota's cargo was iron ore, and she sank at once. Capt. Fish and a crew of seventeen were rescued, but the mother of the steward was drowned.

Judge Nichols, of Batavia, O., an excursionist on the City of Detroit, was severely injured, and his son and three or four other passengers were slightly injured, but were all, except the judge, able to continue their trip up the lakes. While the passengers were considerably frightened, there was no panic. The City of Detroit's hull is damaged \$10,000 to \$15,000, and she will have to go in the dry docks. The Kesota was valued at \$150,000, and is a total wreck. The value of the cargo is not known.

Pleasure Yacht Run Down.

ALEXANDRIA BAY, N. Y., July 18.—The steamer St. Lawrence returning at 10:15 o'clock last night from an electric search-light excursion, ran down the steam pleasure yacht Cathlene, with ten passengers on board from Bradford, Pa. Five are missing. The missing are: Mr. and Mrs. E. B. Pemberton, Mrs. W. D. Hart and Miss Maggie Henry, all of Bradford, and John Senecal, the fireman of the Cathlene. The yacht was crossing diagonally over from Alexandria Bay to Grenadier Island, and was making directly across the track of the St. Lawrence when the crash occurred. Capt. Beaupree, of the St. Lawrence, says that Capt. Senecal, of the Cathlene, blew his whistle to take the right and then took the left hand course.

WARNING TO WHITE CAPS.

People Organizing to Give the Miscreants Doses of Their Own Medicine.

INDIANAPOLIS, July 18.—Word has been received here that in some of the counties infested by the White Caps, the friends of law and order are preparing to organize against the miscreants, and hunt them down and treat them to the same medicine they have been dealing out.

It seems to be the only course left, as the authorities are either powerless or careless. The result will be the inauguration of a worse reign of disorder than ever before, but the outcome may be good.

It is said that more than one hundred of the good citizens of Harrison county have entered into such an organization, and that when they get positive proof that any one has been connected with the White Cap outrages they will seize him and lash him as unmercifully as he has helped to do others.

They will then require him to warn all who have been connected with him that similar treatment will be dealt out to them if their outrages are continued.

It is supposed to employ skilled detectives to run down the White Caps. That such a state of affairs should exist is a disgrace and a shame to the people of the whole state.

Preferred Death to Disgrace.

JEFFERSONVILLE, Ind., July 18.—Mamie Y. Smith, aged 18, attempted suicide last night by throwing herself in the cistern in the rear of her residence. She was in the act of drowning when her father heard her screams and jumped in after her. She was rescued and her father was fished out nearly dead. Miss Mamie is a stenographer and much respected. She had been accused of stealing \$300 from a family in Port Fulton. Her father heard of it last evening and brought her to task. She denied the allegation, and rather than submit to such humiliation and disgrace decided upon death.

Big Lumber Fire.

PITTSBURG, July 18.—Five in Allegheny last night burned the Kress planing mill and box factory; loss, \$40,000; insured, A. N. Ewers' lumber yards; loss, \$50,000; insured, Two rows of lumber belonging to the Davison Lumber company; loss, \$25,000; no insurance; and two rows of lumber belonging to Lawrence Willey; loss, \$35,000; no insurance. The fire is believed to have caught from the sparks of a passing train or from a sky rocket. Fireman Pat. Conlin had his jaw broke while at work at the fire.

Modern Woodmen of America.

KANSAS CITY, Mo., July 18.—About 200 delegates from camps of the Modern Woodmen of America met here yesterday in convention. Resolutions were adopted favoring state jurisdiction and expressing a desire to still retain connection with the head camp in Illinois. Mr. McKinnie, of Chicago, addressed the meeting on "state jurisdiction." Kansas City will send a full delegation to the head camp meeting to be held at Springfield, Ill., in November.

Strongest Indians.

WASHINGTON, July 18.—Representative Martin, of Indiana, appeared before the senate committee on Indian affairs yesterday to make argument in favor of the passage of the bill to appropriate \$50,000 to return to the Miami Indians of Indiana money wrongfully appropriated under the treaty of 1835.

THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
 Proprietors.

FRIDAY, JULY 18, 1890

"You're Another."

The Winchester Democrat accuses the BULLETIN of telling "a bare-faced lie" when it said the "recent census gives Winchester a population of only 3,200." Now, why should our friends of the Democrat get so mad and fume and fret over such a little matter? The BULLETIN obtained its information from a source considered perfectly reliable—from a minister of the gospel who came direct from Winchester to Maysville. And we still consider him reliable and trustworthy, notwithstanding his statements differ from those of the Democrat. By the way, it is now in order for the Democrat to denounce the Louisville Courier-Journal as "a bare-faced liar," as the C.-J. has stated just about what the BULLETIN said in reference to the population of the county seat of Clark.

In the same article referred to above, the editor of the Democrat maintains the reputation the people of Winchester have earned as being the "windiest" in the State. He says:

The actual population of Winchester, within the city limits is 3,200, and if the suburbs were added it would increase the population to 7,000—an increase of one hundred and fifteen per cent over the census of 1880.

There's another side to this story. At the late prolonged session of the Legislature it is a well known fact that the charter of Winchester was amended so as to extend the limits and take in all the adjacent corn-fields, thus increasing the area of the city until it embraced one square mile of land. Are we not correct, Brothers Biehn & Donovan? This was our information at the time. Taking this into consideration, it is easy to account for that wonderful increase (?) at Winchester. And by the way, we want to see the census figures for the aforesaid alleged increase.

As for the Democrat's talk about Maysville being on the down grade and her postoffice, &c., that's all bosh. It has been established beyond all question that the reduction in the grade of the office was due entirely to an error of the ex-postmaster; and the office will, without doubt, soon be restored.

Queer Complication at Owensboro.

"A queer complication exists at Owensboro, according to the Messenger. The Legislature presented to Owensboro a nice new registration law. It is a new fangled thing and nobody appears to have caught on to its workings in season to put it in operation at the proper time. The registration is to take place on the first Monday of July in each year, and on the first two days next following. The qualifications of persons applying for registration are that they shall be entitled to vote at the ensuing August election for State and county officers. The first Monday in July has come and gone and no registration was ordered or had. Nobody seems to have thought of it until just now. And hence arises the complication, as the Messenger explains it:

"A very serious question arises here as to whether any legal election can be held in the city this year. The concluding clause of Section 12 says: 'At the said election no vote shall be received unless the name of the person offering to vote is on the registry provided in this act.' As there is no registry there can of course be no names on it, and as nobody else is eligible as a voter, can any votes at all be cast?

"This is a beautiful state of a case for a free people to be gotten into by a series of blunders on the part of somebody, but there will be nothing to do but to stand it. There would seem to be no question about the fact that the election business in Owensboro is knocked out this year."

Talk's cheap and that's the reason so much of it is going the rounds of Kentucky papers about the Union Democrats supporting Judge Tinsley, Republican, for Appellate Clerk. True Democrats are always found at their post of duty on election day.

The Carlisle Mercury says: "Major Matt Adams has many warm personal and political friends in Nicholas County, but if a single one of them will vote against Mr. Longmoor because he beat the Major, we have not heard of him. Nicholas will give the brave one-legged soldier her usual five hundred majority." That's the way to talk. Let all other counties do their duty.

The Democratic and Republican candidates up in Greenup, it is learned, have entered into a contract, duly sworn to and acknowledged, that they will not use "any money, promise or other thing of value to influence, purchase, or induce persons to vote for them." This is a commendable move, and they ought to live up to their obligations. It is high time something was being done to put a stop to an evil that is so widespread.

River News.

Due up: Rainbow for Pomeroy late to-night. Down: Chancellor this evening and Telegraph after 12 o'clock.

Low water has driven the Lizzie Bay out of the Pittsburg and Kanawha trade, and she will enter a trade out of Cincinnati.

The Portsmouth Blade says: "Well informed river men predict an extreme and prolonged low water season. This they claim always follows such a long period of uninterrupted navigation as has prevailed for the past two years."

If two trains come together and kill and cripple a lot of children through the carelessness of the men in charge of them, the officers of the road seal the mouths of the employees and the matter is hushed up. If two steamboats hit each other, dump a darky overboard and duck him, Uncle Sam's Inspectors investigate and punish the men in charge of the boats. Their licenses are revoked, their families starved for six months or more, and perhaps their positions are taken away from them altogether. Why is it that Uncle Sam don't investigate into the causes of railroad collisions?—Courier-Journal.

For the Farmer and Stockman.

The Waverly (O) Watchman says the farmers in that section are badly disappointed over the wheat yield.

Cecil Bros', Gambetta Wilkes went a mile at Danville easily in 2:34 a few days since. This trotter is entered in the stakes at the coming Maysville fair.

The Western Tobacco Journal says: "A notable sale July 9th was a lot of eight bbls. of new crop offered by T. J. Black, of Germantown, Mason County, Ky., which were sold at the Cincinnati House, and averaged \$22.75, the best hoghead selling at \$27, highest price paid for 1889 crop."

Just about two years ago, the Buffalo mare Belle Hamlin startled the horse world by trotting a half mile over the Buffalo track in 1:02½, a 2:04½ gait. Saturday, W. J. Andrews drove her an eighth in 14½ seconds, a 1:58 gait. Mr. Hamlin thinks she ought to trot the quarter out in 30 seconds, and says he will try to dethrone the present queen of the turf by beating the record of 2:08½, made by Maud S.—Exchange.

Prompt Settlement.

It affords me unfeigned pleasure to acknowledge the prompt payment by the "Connecticut Mutual Life Insurance Company," of Hartford, Conn., through its special agent, Mr. Harry I. Thornton, of a policy of \$7,000, on the life of my late revered husband Lewis F. Long. The settlement of this policy, as soon as the necessary legal proofs of death were forwarded, is another practical evidence in this community of the prompt and equitable dealing of this old company with its insured, and verifies the correctness of my husband's judgment in the confidence he reposed in the integrity and ability of its management during the twenty-three years of his experience as one of its policy-holders. I heartily recommend the "Connecticut Mutual" with its forty-four years of successful, conservative experience to the confidence and patronage of the insuring public. ELIZA C. LONG.

Glenn Springs.

The grand opening ball and banquet of Glenn Springs will be given on Friday evening next. This resort meets the popular favor of many of our society people, and arrangements will be made to receive at least two hundred guests. The ball room is very large and of exquisite design, without doubt the finest at any resort west of famous White Sulphur. In abundance and variety of waters, Glenn Springs surpasses all. The rates are \$10, \$12 and \$14 per week. Carriages meet all C. and O. trains and convey Glenn guests to the Springs without charge.

At least twenty couples will attend the banquet from this city. Since last season nearly \$100,000 has been added to Glenn Springs in improvements. 15d4t

A Card.

TOLLESBORO, Ky., July 17, '90.
 To J. D. Rummans, Tolleboro, Ky.
 Dear Sir: I desire to thank you for the prompt and satisfactory manner in which the Agricultural Insurance Company, of Watertown, N. Y., settled the loss on my dwelling. The house burned July 11, '90, and the loss was settled and paid in full (\$800) to-day by the company's General Agent. I can cheerfully recommend the Agricultural as being prompt and honorable. Very truly,
 A. J. HENDRICKSON.

W. R. Warder, Dist. Agt., Maysville, Ky.

Chester's Population.

A letter from Ed. C. Orser, Supervisor of Census, says the population of Chester precinct is 1,300. The returns give the town of Chester 904 population.

The town limits extend from Maysville to Dietrich's lane and from the river to Race street.

The congressional committee on military affairs has favored an appropriation of \$300,000 for the enlargement of the Newport barracks into a regimental post.

Here and There.

Mr. Harry B. Owens is at Esculapia. Mr. John V. Lytle, Superintendent of the Paris Gas Works, was in town yesterday.

Dr. Milton J. Rosenau, of Philadelphia, a surgeon in the U. S. Marine service, is in town on a visit to his brothers, Messrs. Sim and Charles Rosenau, of the Bee Hive.

Mrs. John G. Johns, from Ashland, accompanied by her son, Lindsey Pogue, and her sister, Miss Mary Louise Jones, passed through the city last night to visit relatives at Mayslick.

Miss Florence Smith, who has been visiting the family of Mr. Horace January, left yesterday morning for Lexington, to spend several days. Miss Mary H. January accompanied her.

Electric Railways.

In a recent lecture at Franklin Institute, Philadelphia, Captain Eugene Griffin said: "The success of electrical propulsion has been established beyond a question. It is only a matter of time, and that a short time, when it will replace the horse on the majority of our street railways. It is only a matter of time, a somewhat longer time, perhaps, when it will be the propelling power on all our elevated railroads, for the elevated roads possess ideal conditions for the application of electricity. It is within the bounds of possibility that our steam roads will be run with electricity; certainly this power, offers many advantages for the suburban traffic in the vicinity of large cities. The possible utilization of hitherto neglected water powers will be one of the factors in determining the extension of electrical propulsion in this direction."

MR. HARRY I. THORNTON, special agent of the Connecticut Mutual Life Insurance Co., is in town and will remain about three weeks. His company paid Mrs. Eliza Long this morning a policy of \$7,000 on the life of her husband, the late Lewis F. Long.

OUR NEIGHBORS.

FAIR PLAY.

An enjoyable reception was given Wednesday evening at the beautiful home of Mr. and Mrs. John McGraw, in honor of Misses Mary and Agnes O'Donnell, of Maysville. The evening was spent most pleasantly in dancing and other amusements, after which a delightful luncheon consisting of many delicacies was served. Among the young ladies present were: Misses Mary and Agnes O'Donnell, of Maysville; Miss Jessie Fitzgerald, Lexington; Misses Mayme and Anna Colley and Miss Kehoe, Flemingsburg; Misses Nellie Fitzgerald, Mary O'Mara, Agnes and Nellie Hanley and Mary Leonard, of Maysville. The following gentlemen of Maysville were in attendance: Messrs. James Dunn, Eugene King, Charles McNamara, John J. Craven, M. A. Swift and W. T. Cummins. Clifford's orchestra furnished music for the occasion.

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

"GO"

Is an Americanism that has taken a new meaning, and has been given a force expressive more than any other word, perhaps, of the spirit of the progress of the present day, which, for rapid advancement in all material things, is without parallel in any age of the world.

GO! "A volume in a word." The spirit of GO is in everything American. "Everything goes" from morning until night, and he who is not imbued with the spirit of "GO" must step out of line and have the fatal words "Old Foggy" written on his brow.

GO! So our entire stock of LADIES', CHILDREN'S and MISSES' SLIPPERS and LOW-CUT SHOES must GO at once. Also our entire stock of TAN GOODS must GO. It is not a matter of prices, but one of fact—they must GO.

So come quickly and attend our great Shoe Go. We will not only save you money but give you such styles and values as have no Superior in this or any other market.

Orders by mail solicited, and goods sent on approval.

POSTPONED.

The City Council Decides to Wait Till the August Meeting to Dispose of the New Charter.

The City Council neither adopted nor rejected the new charter last evening.

For some reason, not assigned, it was decided to postpone consideration of the question until the regular meeting in August.

The roll call showed every member was present except Messrs Wood and Robinson. The former afterwards came in.

As soon as the roll call was finished, President Cox stated the object of the meeting. Mr. Blatterman took the floor and said he had heard from some of his constituents, and thought further consideration of the question ought to be postponed until the regular meeting in August. He failed to state, by the way, what he had heard from his constituents. Some one seconded his motion to postpone.

Mr. Kehoe thought Council had more time now to consider the question than it would have at a regular meeting. He, therefore, moved to table Mr. Blatterman's motion. The motion to table was lost, and Mr. Blatterman's motion was then put to the house and carried.

Mr. Ficklin called attention of council to the dangerous condition of the steps leading from the railroad to Forest avenue, and Mr. Sausburg was directed to have them repaired.

The Committee on Fire Department was directed to have a water plug put in on Grant street, provided the cost did not exceed \$150 and the water company pay half the expense.

Council then adjourned.

Last Opportunity

The Sullivan Trial.

The work of securing a jury in the above case was not completed at 11:30 o'clock this morning. About fifty housekeepers had been examined most of whom were excused.

There is a big array of counsel on either side. The prosecution is represented by Commonwealth's Attorney Saltee, County Attorney Newell, Hon. C. J. Bronston, Commonwealth's Attorney of Lexington district; George R. Gill and Wall & Worthington. Wadsworth & Son, Whitaker & Robertson, T. M. Wood and Frank O'Donnell appear for defendants.

A Pink Affair.

A charming event took place Monday night at "Reo Vista," the beautiful suburban home of Miss Anna Whitaker. Quite a number of lads and lassies assembled to enjoy dancing, a dainty repast and last but decidedly not the least enjoyable, a cool stroll in "Reo Vista's" beautiful grounds. The charming hostess, in her pretty pink gown, was assisted in receiving by her guests Misses Wadsworth and Higginbotham, also in pink; in fact everything was pink, from the supper-room draperies to the tiny crackers and pink confections.

There were present Miss Mattie Evans and her charming guests, Misses Berman and Bullock of Lexington; Misses Nannie Wood and Bessie Coons; Mr. Blaine, of Lexington, and Messrs Watson, Kelth, Barbour, Owens, Durritt, Cochran, Curran and Dunlap, of this city.

Was It Suicide?

The remains were discovered early this morning on the C. & O. track in front of the Hill House. The body was cut square in two—one half on one side of the rail and one half on the other and as there were no witnesses to the horrible affair, not even the train men being cognizant of their ghastly work, it will always be a matter of doubt whether it was a deliberate suicide or whether it was one of those terrible accidents which befall the unwary in attempting to cross a railroad track oblivious to approaching trains. Your reporter learns to the theory of suicide, for what rat in its right mind would attempt to cross a C. & O. track in the city limits, in the face of that nerve-tearing, steam-screaming, smoke-belching, bell-clanging iron horse as it goes flying at a terrible rate along our front? It is a matter for much speculation. It may have been a suicide and it may have been an accident. The fact is only known that the huge rat was cut in twain by a passing C. & O. train.

The infant son of Mr. and Mrs. Martin Hanley, who resides on the Fleming pike, died Wednesday and was buried yesterday afternoon at Washington.

DIED, at 6:30 o'clock last evening at his home in this city, James Fitzsimmons, aged sixty-five years. He had been ill for some time from dropsy. Burial this afternoon at 3 o'clock.

MR. SAMUEL POLLITT, of the Burtonville 'bus, is now carrying passengers direct from this city to Esculapia Springs, daily. The 'bus leaves Maysville at 2 p. m., and the conveyance arrives at the Springs at 7 p. m. Leaves Esculapia for Maysville at 5 a. m. Fare only \$1.50 each way. 11d6t

The building in which Alexander Campbell, the founder of the Christian denomination, first preached is still standing at Bethany, W. Va. The Christians of Martinsville, Ind., have decided to remove the edifice intact and place it on their Assembly grounds at Bethany Park, near Brooklyn, Ind., where it can be preserved.

A GERMAN will be given at Esculapia to-morrow (Saturday) evening. This favorite summer and health resort is proving more popular than ever. Large number of guests now present and many others are expected. The dining room is in charge of an experienced caterer, and nothing is left undone to insure the guests a pleasant time.

FLEMINGSBURG comes to the front with a case of downright littleness that gets away with anything of the kind on record. The Gazette says: "A family worth \$20,000 last week sent in Gerhardt's bakery and got six loaves of bread for 25c. After feasting for two days they had one loaf remaining, which was returned by a servant to the baker, with the request that he give back 5c., which he did not do, but instead did send the message: 'You tell Mrs. — that ain't the way the Germans make money; selling fresh bread at 4c. and buying it back at 5c.'"

A BLACKSMITH SAVES THE LIFE OF A LITTLE GIRL—MIDNIGHT DARTNEY was perhaps as near leaving this world as anyone can be to recover. She was sick with cholera morbus, completely exhausted and unconscious. The physicians in consultation decided the case was hopeless and beyond their control. Chas. J. Newcomb, a blacksmith, walked four miles through the darkness and storm, to get a remedy he had himself used, and which he firmly believed would cure her. That medicine was Chamberlain's Colic, Cholera and Diarrhea Remedy. He obtained part of a bottle, with which he hastily returned, and gave the little sufferer a half teaspoonful, which relieved her and consciousness gradually returned. The medicine was given in broken doses, and in a short time she was well. He is positive that it saved her life, and has others of that vicinity. For sale by Power & Reynolds.

MINER'S MAXIMS.

A Shoe May Be Either a Palace or a Prison.

Prison shoes are plenty; shoes we mean that close up like a prison on the poor, fettered foot and leave it marked like a prisoner by the bonds it has borne. A prison is still a prison, no matter how fine the architecture. A prison shoe may be ever so pretty outside, but inside it is a gloomy cell, a dungeon. A prison shoe is a poorly made article—made to sell but not to satisfy.

Palace shoes are shoes that are good outside and in; good to look at and good to wear. They are well made, skillfully finished. They are shoes that you hate to lay by, even when past service. They combine in perfection the elements of use and beauty. They are thoroughly good shoes. That's the kind WE sell. Do you wear them? We have been 58 YEARS SELLING GOOD SHOES.

England's Troubles.

The Behring Sea Question in the House of Commons.

ANXIETY TO KNOW OUR POLICY.

Inquiries Made as to What President Harrison Intends Doing About This Difference—A Great Conflagration in Hungary—Other Dispatches from Across the Ocean.

LONDON, July 18.—In the house of commons last night Mr. Edward T. Gournley, Liberal member for Sunderland, inquired what degree of truth there was in the published cablegram to the effect that President Harrison had declared the intention of the United States government to deal summarily with British sealers in Behring sea.

Sir John Gurnet, parliamentary secretary for the India office, replied that the government had not received a report of such a statement having been made by President Harrison. Negotiations on the Behring sea matter were still in progress.

Mr. W. H. Smith, first lord of the treasury, intimated that the negotiations with France in regard to French rights in Zanzibar were marked by a friendly spirit on both sides.

Honoring Our Rifleman.

BERLIN, July 18.—Last night the American riflemen arrived at Bingen from Oberlohnstein, in the midst of a heavy thunder and rain storm. They were nevertheless met at the station by a large and enthusiastic crowd. The city was handsomely decorated and brilliantly illuminated in honor of the visitors.

Floods in India.

CALCUTTA, July 18.—In the Darjeeling district there have been heavy rains. Part of the country is flooded. Bridges in many places have been swept away, and the planters have been compelled to rely on their boats for means of communicating with each other.

Great Conflagration in Hungary.

VIENNA, July 18.—A conflagration at Rosenau, Hungary, yesterday, destroyed the Pausch church, the synagogue and seventy houses. A number of firemen were injured while combating the flames.

Crops Destroyed by a Storm.

LONDON, July 18.—Several thunder storms, with torrential rains, have occurred in the southern and midland counties of England, causing extensive destruction of crops.

ST. PETERSBURG, July 18.—Cholera is spreading in the Lanova and Vilno districts. Many deaths have occurred.

Foreign Notes.

The Heligoland bill passed the third reading in the British house of lords, with only a verbal amendment.

Princess Louise, eldest daughter of Prince Ferdinand, of Orleans, has been betrothed to Prince Alphonse, of Bavaria.

Advices have been received here that Count Conrad Stolberg, heir to one of the richest of German land owners, was accidentally killed while duck shooting.

At Palermo an aeronaut named Cella fell from a balloon and struck the roof of a cathedral, where he lay mangled and bleeding until taken to the hospital to die.

Count Kuhnoky will accompany Emperor Francis Joseph to the German army maneuvers at Liegnitz. There Count Kuhnoky will meet Chancellor Von Caprivi.

The clerical newspapers of Rome deny that the pope drove outside the Vatican Tuesday. The Reforma maintains the truth of the statement that the pope drove out and the sentries at the mint saluted the papal carriage.

BURNED TO DEATH.

Result of a Young Lady's Careless Attempt to Fill a Gasoline Stove.

UPPER SANDUSKY, O., July 18.—An accident that was most distressing in its details occurred near Fowler, about seven miles south of here, Tuesday noon. Misses Edith, Dot and Carrie Straw, daughters of Lewis Straw, were cooking dinner when the fire in the gasoline stove went out. Carrie attempted to fill the tank, when a drop fell on the heated burner and immediately ignited, and in an instant she was completely enveloped in flames.

She ran with the blazing pitcher to the dining room and threw it out of the open door, but some of the gasoline spilled on the floor, setting the room on fire. All her clothing except her shoes and corset were burned from her body, which was literally cooked. Medical skill was of no avail, and she died. She was in her 24th year. Edith was very badly burned on the hands and face, and Dot was also burned, though not seriously. The father is 70 years old and quite feeble, and for a time it was feared the shock would result fatally with him, but he is recovering slowly.

A Puzzle to Physicians.

HUNTINGTON, Ind., July 18.—The case of young Ed. Church, the poisoner, is attracting attention here. Six months ago the Church family, consisting of father, mother and three children, were poisoned with arsenic, two of them dying. Ed. Church, the 16-year-old son, was arrested and confessed the crime. He was imprisoned here, and since then has slept from twenty to twenty-three hours of every day. Church has to be awakened and forced to eat, and frequently it is impossible to break his slumber. The case is a puzzle to physicians.

Three Stores Burned.

HOMER, Ill., July 18.—Fire early this morning burned G. W. Yates' general store, A. Henderson's confectionary and J. A. Tudor's drug store. Total loss \$17,000.

Farmers' Alliance Candidate.

MINNEAPOLIS, Minn., July 18.—The Farmers' Alliance on the third ballot nominated S. M. Owen, of Minneapolis, for governor.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.
